

TENDER

Overview

High quality contemporary free standing planters, suitable for installation within a publicly accessible outdoor space. Planters shall be of robust construction, suitable for use within a public realm environment, and designed to remain open to the elements year round.

Planters should be provided in a range of sizes to allow for arrangement in different configurations.

Planter A - 14no

Size: L:1826 x W: 700 x H: 400mm

Capacity: 320 litre

Planter B - 8no

Size: L: 1654 x W: 1322 x H: 400mm

Capacity: 540 litre

Planter C - 6no

Size: L: 1654 x W: 1322 x H: 550mm

Capacity: 840 litre

All planters

Material: Galvanised steel (intended as a finished surface), corrosion class C4

Stability: stable during normal use and shall not present unacceptable risks of tipping, rocking or overturning when positioned on concrete block paving (existing)

Accessories: to include a manual reservoir irrigation system to reduce summer watering frequency

Warranty: 15 years

Spare parts: replacement components shall be available from the manufacturer or its authorised supply network to facilitate repair and extend the useful service life of the planters.

Please confirm lead-in / delivery time in submission.
