What is the Postbox?

The Postbox is an online submission facility which allows awarding authorities to receive responses from suppliers electronically in a secure environment.

Responses are submitted through the portal and held in the secure Postbox until the deadline for responses has expired. Nominated members of an authority then unlock the Postbox to access the submissions.

The Postbox can be used for the receipt of PQQs, tender responses, Quick Quote submissions and all supporting documents.

A full audit trail is kept of all access to the Postbox and a complete record of all supplier submissions is stored.

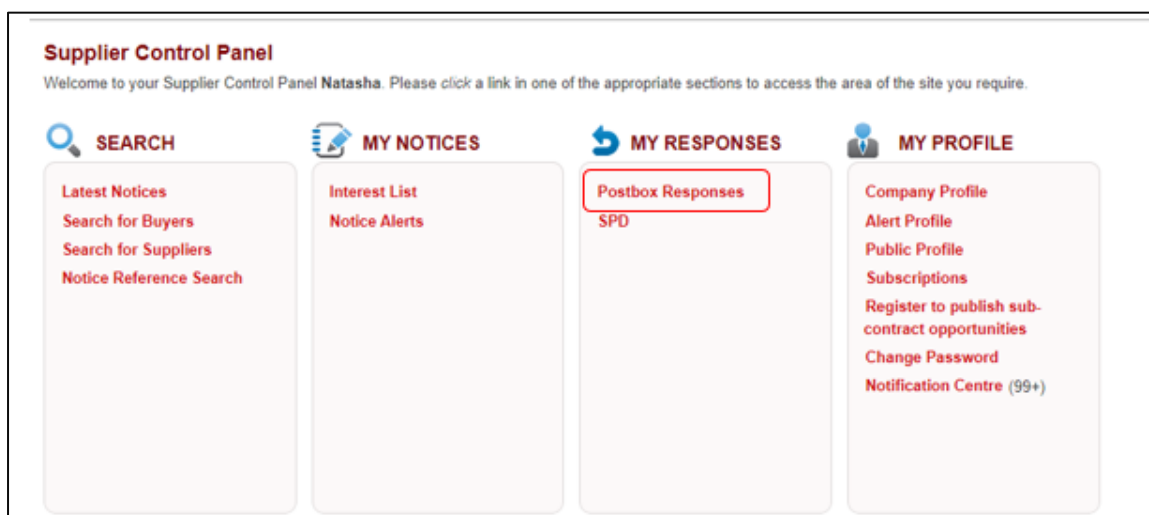

Please note: Before you can use the postbox you must record your interest in a notice. In the case of a Quick Quote or the second stage of a dual stage procedure you must have been invited by the buyer to submit a response.

Accessing the Postbox

Access from Supplier Control Panel

All postbox responses are managed from your response workspace. The response workspace can be accessed from your **Supplier Control Panel** by selecting **Postbox Responses** found under **My Responses**.

Access from Notice Details

The response workspace can also be accessed by selecting **Go to Postbox** when viewing the notice in your interest list or Quick Quote list.

Postbox Response Workspace

The response workspace is split into two tabs, the **Notice Response List** and the **Dispatched List**. Notice Response List

The Notice Response List shows all the current notices – contract notices, stage 2 notices, quick quotes – associated with your registration, which have the Postbox option activated. Notices will appear on this list until the buyer has opened the postbox.

Postbox Response Workspace

Supplier Control Panel > Postbox Response Workspace

Your Postbox Response Workspace allows you to manage all of your responses to notices which have the postbox function activated and for which you have recorded an interest.

Notice Response List

Listed below are current notices which you have recorded an interest in and which have the postbox activated. Please select the appropriate *response action* to continue.

3 records found. Jump to page of 1

Notice Details	Response Status	Response Action
Plant hire Published By: Queens Road Council Deadline: 28/05/2013 12:00	Not Created	Create
Small Plant with driver Published By: Walter Road Police Force Deadline: 23/05/2013 12:00	Not Dispatched	Edit/Dispatch Delete
Plant hire with driver Published By: Queens Road Council Deadline: 22/05/2013 12:00	Dispatched	Respond Again

The **Notice Details** column provides the title, publisher and deadline of the notice. Clicking on the title of the notice allows you to view the notice.

The **Response Status** column provides the status of your response to this notice. The three response statuses are:

Not Created – You have not yet created a response for this notice.

Not Dispatched – You have created a response which you have not yet dispatched to the postbox.

Dispatched – You have dispatched a response to the postbox. Note: to view your dispatched response click on the **Dispatched List** tab.

The **Response Action** column provides the actions you are required to carry out. The actions are:

Create – You have not yet created a response. Click this link to create a new response.

Edit/Dispatch – You have created a response but not submitted it to the postbox. Click this link to edit or dispatch your response. Note: Once the buyer has opened the postbox this option will disappear.

Delete – You have created a response but not submitted it to the postbox. Click this link to delete the response from your response list. In doing so you will receive an e-mail to confirm you have deleted a response.

Respond Again – You have dispatched a response to the postbox for this notice. This option is provided in case you are required to create and dispatch a supplementary or replacement response. Click this link if you wish to do so.

View – You have created a response but not submitted it to the postbox and the postbox has been opened by the buyer meaning you can no longer submit the response. This option is provided for your records to show that you did create a response but did not submit it to the postbox.

Response Workspace – Dispatched List

The Dispatched List shows a history of all the responses you have successfully dispatched to a postbox. Note: Once a response has been successfully dispatched you cannot amend it.

Postbox Response Workspace

Supplier Control Panel > Postbox Response Workspace

Your Postbox Response Workspace allows you to manage all of your responses to notices which have the postbox function activated and for which you have recorded an interest.

Notice Response List | Dispatched List

Listed below are all of the postbox responses you have successfully dispatched.

2 records found. Jump to page of 1

Id	Notice Details	Dispatched	Response Action

93444	test Published By: Proactis Tenders Limited	25/01/2020 15:39	View

The **Id column** provides the unique ID of your response. The **Notice Details** column provides the title and publisher of the notice. The **Dispatched** column provides the date and time that the response was dispatched to the postbox.

The **Response Action** column gives you the option to view your dispatched response. Clicking on **view** will open a new page which shows you the notice details and your response details. This includes the contact details you provided with your response, the documents you uploaded to your response and any further comments you provided.

The documents can be downloaded by clicking on the file name. They cannot be edited once submitted.

Late Postbox Submissions

Suppliers are able to submit postbox responses after the postbox deadline as long as the postbox has not yet been unlocked by the buyer. Any postbox response submitted after the postbox deadline will be noted as a late submission.

Late submissions are accepted at the buyer's discretion.

When you select **OK** your response will be dispatched as usual to the postbox and you will receive an onscreen confirmation of your unique response ID. You will also receive an e-mail confirming the response. Both will include the message "**Please note: Your response has been submitted after the postbox deadline and may not be accepted by the buyer. Please contact the buyer for clarification.**"

Ref: MAY045421
Title: Plant hire
Authority: The Bay improvements
Deadline: 09 May 2021
Your response to the above notice has been successfully submitted to the Submission Postbox and allocated the reference 159. Details of your submission and documents uploaded are recorded below.

Please note: Your response has been submitted after the postbox deadline and may not be accepted by the buyer. Please contact the buyer for clarification.

The postbox will not be unlocked until the deadline has passed. The awarding authority will contact you in due course with the results of the competition.
Response Details -

Note: If you submit a late postbox response it is advisable that you contact the buyer as it is at the buyer's discretion as to whether they accept or reject any late submission. You should provide the reference of your late response to the buyer in any discussion on this point.

Notes:

Deadline: Responses should be submitted before the deadline. Any response submitted after the deadline and before the postbox is opened by the buyer will be noted as a late submission and can be accepted at the buyer's discretion.

It is not advisable for suppliers to wait until the last moment before creating and dispatching a response in case of any last minute problems.

Postbox Security: Postbox submissions cannot be accessed by anyone, including Proactis until the deadline has passed. Once a response has been submitted it cannot be recalled or edited. If a supplier realises they have made an error in their response, the only remedy for this is to submit another response which supersedes the original.

Terms and Conditions/Request for Tender Documents: Buyers may wish to consider reviewing the terms and conditions in their request for tender documentation in light of late delivery or technical issues.

Information: All notices using the tender Postbox for submissions will automatically display the below statement:

The awarding authority has indicated that it will accept electronic responses to this notice via a 'Submission Postbox' facility. If buyers are only accepting electronic responses via the Postbox this should be made clear in the tender notice and in the documents.

Viruses: The server virus checker will scan all documents when they are uploaded and if a virus is detected the file will be deleted and the supplier notified. Provided that the deadline has not passed, the supplier will have the opportunity to replace with a clean file.

Corrupt Documents: Corruption in documents cannot be detected. Buyers should define their policy in this regard in the tender document (e.g., it will be rejected).

Document Types: It would be helpful if buyers specified in the notice or tender documents what file/document types can be accepted and read by your organisation for online submissions.

Document sizes and maximum documents allowed: There is a maximum size limit of **10Mb** for any document to be sent via the Postbox. If suppliers attempt to upload a document larger than **10Mb** it will be rejected and will not be added to the submission. The size of Postbox responses must not exceed **30Mb** in total.

Multiple submissions: If a supplier has already submitted a response it cannot be recalled. However, they can submit a second tender if they wish, stating which response is to stand.
